Paint Scratch Repair Kit for \$695

Portland, Or. - December 1, 2007 - The ScratchOut kit from Applied Colors delivers professional grade scratch repair to detailers at an unprecedented price: \$695.

Repair cuts, scratches, road rash, and scuffs with 43 colors of paint applied with three unique techniques: brush application, wipe on / wipe off, and paint flowpen. The supplied paint can be reduced and thickened as needed, and Applied Colors' exclusive Paint Leveler eliminates excess paint and "blobbing."

All materials—cleaners, paints, brushes, and Shop Towels—are contained in a tidy waterproof toolbox. Add \$20 - \$50 to each detail ticket with scratch and chip repair services. The ScratchOut system is likely to fit your operation's budget.

Call 877-289-7312 or visit www.appliedcolors.com to learn more.
